REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

As to independent claim 1, "a CPU internal to said device allowing interpretation and processing of said appearance data to determine appearance factors for said image", in combination with the other claimed elements and features is not taught nor fairly suggested by the prior art of record.

2. Prior art

Breton et al. discloses an apparatus for determining the appearance of an object. Breton et al. also discloses illuminating device, a collecting with camera color shading data, a memory for storing images and a controller in the form of a computer. The computer along with camera is disposed as separate devices external to the device. So Breton et al. does not disclose the CPU internal of the device; Breton teaches external CPU/controller device.

Tsai discloses the display for displaying captured images but Tsai does not disclose what Breton et al. lacks.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
